

Biographical Data

SIDNEY FREEDMAN

Director, Architectural Precast Concrete Services
Precast/Prestressed Concrete Institute
209 West Jackson Boulevard, Suite 500
Chicago, IL 60606

Mr. Freedman obtained his B.S. in Civil Engineering from Northeastern University, Boston in 1957 and his MBA in Marketing from Loyola University of Chicago in 1969.

He joined the Precast/Prestressed Concrete Institute, Chicago, Illinois, in 1973. As Director, his responsibilities are to implement marketing, technical and educational programs which respond to the needs and interests of the architectural precast producer. Prior to joining PCI, Mr. Freedman worked for 7½ years for the Portland Cement Association and for 5 years was manager, Concrete Technology Section.

His professional affiliations include American Concrete Institute, American Society of Civil Engineers, and the American Society for Testing and Materials.

Mr. Freedman was chairman of the committee that prepared the 2nd edition of the major industry publication "Architectural Precast Concrete" as well as the co-editor. In addition, he is the principal author of the 4th edition of the "Manual for Quality Control for Plants and Production Architectural Precast Concrete" and the 3rd edition of the Architectural Precast manual. He is also the author of numerous articles on concrete technology including many on architectural concrete. He also represents the interests of the precast concrete industry relative to erection practices and the safety aspects of precast concrete construction. In addition, he is staff liaison or a member of many PCI Committees.
